Career Objective

To begin my career as a **Full-Stack Developer**, contributing to impactful projects using modern web technologies while enhancing my skills in **MERN stack** and **Python backend development**.

Education

Bachelor of Computer Applications (BCA)
Poddar International College, Jaipur (2023 – 2025) | 65%

Higher Secondary (12th, RBSE)
PN Public School, Jaipur (2021) | 88%

Secondary (10th, RBSE)
PN Public School, Jaipur (2019) | 60%

Internship

MERN Stack Developer Intern
8Bit System Pvt. Ltd., Jaipur (July 2025 – Present)
- Built and maintained full-stack applications using **MongoDB, Express.js, React, Node.js**.
- Designed REST APIs and integrated them with React dashboards.
- Contributed to debugging, testing, and deployment in collaborative team projects.

Technical Skills

Languages: C, C++, JavaScript, Python (learning)
Frontend: HTML5, CSS3, Tailwind CSS, React.js
Backend: Node.js, Express.js, Flask
Database: MySQL, MongoDB
Tools & Platforms: Git, GitHub, VS Code, Postman

Projects

- **Complaint Management Dashboard** (MERN): Complaint submission system linked with user profiles; Admin dashboard for complaint tracking and status updates.

- **CMS Application** (React, Node, Express, MongoDB): Content Management System for handling pages and user data with role-based access.

- **Fake Headline Generator** (Flask, Python, React): Web application for generating and displaying headlines with user authentication and dashboard.

- **Portfolio Website** (Flask + Login System): Personal portfolio with authentication and functional contact form.

- **Library Management System** (Flask + MySQL): CRUD operations for books, members, and admin panel.

- **Coffee Shop CRM** (BCA Project): Customer relationship management for orders and sales.

Strengths

- Strong problem-solving and debugging skills
- Quick learner of modern frameworks and libraries
- Effective communication and teamwork abilities
